living in a hippie community in the australian rainforest i in january 1992 started to write about my visions and spiritual experiences i described ten places in our heads as homes of the human spirit there are many publicly known people who are involved in the move of the earth to a higher dimension in 2013 more than 200 000 people live on earth and at the same time on a parallel world which is a home for immortal people the evangelist john spoke with a cross of light i believe that a new cross of light will appear on earth soon in july 1979 i met the devil and his wife on the inner german border i name some people who have been the devil of previous earth like planets in older universes alex collier wrote in 95 that since my 40th birthday on 3 23 1994 vibrations leave all black holes of our local universe changing its nature lifting all planets into higher dimensions i believe these frequencies come from the immortals living on earth now including me

the problem this project attempts to solve is to develop a workable moral education in light of the clash between religious forms of moral education and u s supreme court decisions concerning them the concept of story and storytelling has been suggested as a unifying focus for disparate prescriptions for moral education several recent approaches to moral storytelling have been proposed the approaches of william bennett nel noddings and herbert kohl are among those which have attempted to combine moral education and storytelling within the last decade bennett is identified with other theorists whose primary concern is the moral content of a story noddings is identified as a process theorist whose primary concern is the process of moral storytelling not the content kohl is identified as a reflection theorist whose approach challenges tradition in the hope of creating a more moral society each one of these three approaches attempts to provide a comprehensive program of moral education but they fall short of that goal the purpose of this project then is to construct a storytelling moral education program that improves upon earlier approaches using the three levels of moral thinking posited by r m hare a three level approach to moral storytelling is proposed the intuitive critical and meta ethical levels of moral thinking that hare refers to are used to frame a new three level approach to moral storytelling the three level approach combines content process and reflection into a unified prescription for moral education thus a more comprehensive plan for moral education through storytelling is developed one that respects traditional forms of moral education while remaining within the parameters set by the u s supreme court

hidden in his own story is an invitation to reconsider and re imagine both the humanity and divinity of jesus it is an invitation to people who are not familiar with the bible stories and have only heard them through other sources also to many who have rejected traditional interpretations of the stories as religious dogma and to many people who are so steeped in the stories that they have become cliché even the most clever storyteller or writer of fiction can never totally disguise or deny their personal influence on the story and most of us have had the experience of someone beginning a story with i know a person who when in fact that person is the one telling the story why not imagine the same when jesus says once there was a man

for a seal undercover on a top conspiracy attraction could be dangerous

in recent decades there has been a substantial turn towards narrative and life history study the embrace of narrative and life history work has accompanied the move to postmodernism and post structuralism across a wide range of disciplines sociological studies gender studies cultural studies social history literary theory and most recently psychology written by leading international scholars from the main contributing perspectives and disciplines the routledge international handbook on narrative and life history seeks to capture the range and scope as well as the considerable complexity of the field of narrative study and life history work by situating these fields of study within the historical and contemporary context topics covered include the historical emergences of life history and narrative study techniques for conducting life history and narrative study identity and politics generational history social and psycho social approaches to narrative history with chapters from expert contributors this volume will prove a comprehensive and authoritative resource to students researchers and educators interested in narrative theory analysis and interpretation
